Moj spisak literature za ovu knjigu bio je predugačak da ga predstavim u celosti, zato se izvinjavam ako pokušavate da pronađete izvor za neku konkretnu činjenicu – bilo ih je previše da ih sve navedem. Umesto toga sam navela odakle su preuzeti neposredni citati i bibliografiju s najvažnijim knjigama i naučnim radovima na koje se moja knjiga oslanja. Razgovori sa stručnjacima vođeni su na terenu ili za vreme pisanja knjige.
